

## 2019-2020 CGA Allstar Information Packet

The following packet contains vital information concerning the requirements of becoming a competitive cheerleader for Coastal Georgia Athletics. Competitive cheerleading is one of the most demanding of sports. Desire, Dedication, Determination and Discipline are all required elements in order to ensure success. We ask that you carefully review ALL of the enclosed material before you join CGA and have all of your questions answered beforehand. There are many commitments you must make as a cheerleader and as a parent in order to participate in our program and we want to make sure that you are aware of them and are committed to them before you join. We will be more than happy to answer any questions you may have.

I would like to thank you for your interest in Coastal Georgia Athletics' Allstar Cheerleading Program. As we enter our 12th season, we are excited to grow as a family. By joining CGA, you are not just joining a "cheer gym," you are joining a family. We are a very close knit group that believes in supporting one another in all aspects. From practice to competition and everywhere in between, the CGA family, from the coaches to the cheerleaders to the parents, will exceed your expectations in every way.

Established in 2008, we are dedicated to teaching the best skills, form and technique in every aspect of the sport. While pushing our athletes to be the very best, we take pride in creating the safest environment possible. Our energetic, mature and experienced USASF certified coaches are passionate and professional about their jobs. From the moment you join, you will experience what it means to be part of the CGA Family!

The most direct way that we help the athletes in our program is by improving their skills and helping them reach their athletic potential; but we also believe our program serves a greater purpose. Throughout their lives, everyone will be put in situations where they must work together with others to achieve common goals. Life lessons such as work ethic, responsibility, accountability, dependability and teamwork help build strong character. No other sport builds self-esteem and grit for youth more than Allstar Cheerleading. The hours, weeks, months, even years of work that go into improving stunts, tumbling, jumps, and motions will improve your fitness and skills while teaching your child about patience and perseverance. Moreover, Athletes learn about sportsmanship, overcoming obstacles, working together towards goals, and developing the competitive drive to be the best they can be. We are most proud of the life lessons that we've been able to give our athletes at CGA! We teach life lessons and core values that last a lifetime and strive to be the best teams we can be- on and off the mat. Don't settle for less, elevate your experience and become a CGA Allstar!

Prior experience in cheerleading and/or tumbling is not required- We pride ourselves on the level of instruction we provide to bring our athletes up to speed quickly and safely. Athletes are expected to attend all practices, competitions, performances and awards ceremonies, giving 110% every day. As long as you have a positive attitude, respect yourself and others, try your best, attend practices and performances, and are ready to have a great time, you meet the requirements to be a part of the CGA Family!!!

By trying out at CGA, you are accepting a spot in the CGA Cheer program. CGA is a family of teams; therefore, we run our teams as one program- one family. We design our program so the teams come first, and the individual second. We take into consideration, both age and skill level when determining team placements.

Our evaluation process is designed to place minimal stress on our athletes, giving them the opportunity to perform their best in all aspects of Allstar Cheerleading! On May 6th, Athletes will show their skills to one of our coaches and be assigned their group. Then on May 8th and 9th, the coaches will complete evaluations as the athletes practice and perform their skills in groups, similar to a regular team practice. This Team Evaluation Period gives our coaches the best opportunity to make the strongest teams across the entire program, while also seeing which level each athlete will perform best at to have a successful year while also being challenged. Teams will be revealed on May 11th.

We would love for each team to have a full squad of athletes with the maximum tumbling skills allowed for that level. However, that is not the case in most instances. For example, while your athlete may be a Level 3 tumbler, this doesn't automatically mean being placed on a Level 3 team. Your athlete may not be a level 3 jumper, stunter or dancer. We must choose our teams according to bases, backspots and flyers, which make up the stunt groups, while also taking into account the USASF Age Divisions. All teams must have stunt group combinations that will give each team the opportunity to be successful. On the flip side, we need many athletes on the team to have high end and perfected level appropriate tumbling. Balance is key in creating our teams, and we make every effort to make sure all of our teams are set up to give them the best opportunity to do well.

(You can also use this chart to see which Color Tumbling Classes to attend)

Athletes look, perform, and feel their best when they have mastered and perfected skills prior to the start of the competition season for the level they are placed on and can fully contribute to their team. Judges give the best scores to routines that display a high level of difficulty, mastery and perfection of the skills of the level in which the team is competing. Therefore, we aim to place athletes at a level where they have already mastered a good portion of the skills within that level during team evaluations for both the athlete's and the team's well being.

## Practice is mandatory

We make our practices and competitions fun, rewarding, and productive. We strive to create a positive learning environment at CGA. We push the athletes to be the best they can be. We set goals as a team and individuals while teaching accountability. We expect our athletes to improve their technique and progress their skills through efficient practices with maximum participation.

There is no bench in All Star Cheerleading! Every single athlete is important to our program and an integral part of our routines. We are very serious about everyone attending our practices. Attendance is one of the most important factors in our team's success. Having even one athlete missing from practice can severely impact the productivity of that practice. Please take this into consideration when asking for your athlete to be excused from practice. During the summer, attendance is required when you are in town. Please fill out the Summer Vacation Form in this Packet to let us know when your vacations are and we'll do our best to schedule Team Events when everyone can be in attendance. Throughout the school year, we understand that there may be the occasional rare absence, however if at any time an athlete's attendance becomes an issue and is hindering the progress and success of the team, our staff will contact you to discuss possible solutions, which may include moving to a different team, changes in choreography, or removal from our program.

## Competition Philosophy

To achieve excellence in our athletes, instead of focusing on 1st place, we will focus on building qualities that make a 1st place squad. It is our philosophy that as long as we are dedicated, working hard to the best of our ability and improving, we have already won without stepping a foot onto the performance floor. We are a very disciplined program and intend to stay that way. We aim to attract families and athletes who also value dedication, preparedness, hard work and commitment.

## Competitions are Mandatory

All athletes are expected to attend competitions and performances on time and will stay for their awards ceremony. From team meeting time through end of awards ceremony, athletes can expect to be at competitions about 3 to 6 hours per team. Please leave the entire day open for competitions, we will publish our CGA itinerary a few days prior to the event.

## Crossover Athletes

Crossovers will get the opportunity to compete with 2 CGA teams. These are athletes that we feel will be able to make both teams stronger while also becoming more well-rounded athletes. They may fly on one team and base on the other or mainly tumble on one team while improving their stunting ability on the other team. This Opportunity comes at a minimal cost of only \$75 a month starting in June which also includes the ability to take Unlimited additional tumbling or cheer classes each week.

## **Parent Policies**

### **Communication**

Text messaging, website, email, handouts and Team Facebook Groups are some of the ways that we communicate in our gym. A schedule for the entire year will be available by the end of July, which will include all gym closings, special events. Competition Itineraries are laid out in detail for every team including timelines, venue maps, and special notes on the event. Team Facebook Groups and Email are used for reminders and special announcements. We strive to make sure everyone knows what is going on at all times throughout the year.

### **Tuition, Fees & Payment Policy**

A \$35 Late Fee is applied on all payments that are more than 10 days past due, athlete sits out on the 21st day, athlete is replaced after the 30th day.

Tuition and fees that have already been paid are non-refundable. A \$300 cancellation fee will be charged to your account if you quit or are dismissed from our program before the season ends.

### **Social Media**

All athletes, fans, and family must promote good sportsmanship and a positive attitude towards CGA and our athletes, as well as our competitors gyms and athletes at all times. This extends to competition companies, the USASF as well as other cheer related organizations and activities.

### **Practices**

There is a viewing area designated for all parents, family and fans. Parents, family and fans are asked to stay in that designated area and not come into training area. We want your athlete to get the most out of every practice. In order for this to happen, we need their full attention. If a parent or anyone is observed speaking negatively about a team, coach, parent, or athlete, he/she will be talked to and/or asked to leave. If this kind of behavior continues to be an issue, the athlete will have to be removed from the team. We will not tolerate this type of conduct. If a parent verbally assaults or threatens a student, coach or parent, the family will be immediately dismissed.

### **Travel/Competitions**

During the competition season, cheerleaders will be asked to travel to national events out of state.

Transportation to/from competitions, hotel stay if required, and all meals, snacks, and other expenses associated with traveling is the responsibility of each team member and his or her family.

We will make every effort to provide information in a timely manner.

### **Positivity**

We request positivity at all times. If there is a question, concern, or something you view as negative, please contact our staff to discuss in a professional manner. We will be happy to provide further explanation of any misunderstandings or address any issues that may arise. We encourage all parents to sit together and support all CGA teams. Parents are also encouraged to show support by wearing CGA clothing to competitions. Showing respect for the coaching staff, other teams and hosting organizations is expected. Please remember you are representing CGA, and we want to uphold our reputation of good sportsmanship and professionalism at all times.
